Tournament Specific Rules

1. The point system will be in effect two (2) points for a win, one point (1) for a tie. Tie breakers; 1. Overall record (points), 2. Head-to-Head, 3. Runs Allowed, 4. Runs scored, 5. Coin Toss. Forfeits are scored 7-0. Head-to-Head is thrown out if the teams tied in points have not all played each other, or they have all beat each other in pool play.

2. **Home team is determined by a coin toss at the beginning of the game until your team is seeded**. Once your team is seeded the highest seed is the home team. This includes semi-finals and finals. All pool play winners advance to bracket play and get the higher seeds (either the #1, #2 or #3) seed for bracket play than those that don't win pools.

3. Standings will be posted, and updated via the webpage. It is important that each score is reported immediately after each game. Winning team is responsible for giving the final score to the home plate umpire.

Game Play

Be prepared to start at least 20 minutes before scheduled game time. If the game before you ends before your scheduled start time, we could start up to 20 minutes early.

Protest

Non-refundable protest fee of $100 cash must be given to a tournament director before any judgment will be made on a protest. Umpire judgment calls remain the judgment of the umpire on the field. These will not be overturned. Protests on a specific play must be made before another pitch is delivered.

Rain

If games are cancelled due to rain or bad field conditions 100% refunds will be given if 0 games are played due to weather. If only 1 game is played a 50% refund will be issued. If 2+ games are played, then no refunds will be given.

Time Limits

Championship play does not have time limits, but the following time limits are in effect for all pool and semi-final games:

9u-12u will play 6 innings or 1 hr. 45-minutes

Pool Play & Consolation Games Time Rule - The Official game start time, as determined by the umpire and should be noted in both scorebooks prior to the start of the game. In Pool Play no new inning may be started after 1 hour and 40 minutes. and There is a 'drop dead' rule that the game ends at 1 hour and 45 minutes. If time expires during an inning, the score reverts to the last completed inning.

- Exception: If the home team is batting when time expires and has tied the game or taken the lead, those runs count, and the home team wins.

EXAMPLE:

- Visitor leads entering the bottom half of the inning.
- Home team scores enough runs to take the lead.
- Drop-dead time expires before the inning is completed.

The home team wins because they took the lead during their at-bat before time expired. It does not revert to the previous inning in that situation.

A new inning officially starts as soon as the third out is recorded in the preceding inning. Ties count in pool play games. Pool play games may end in a tie if the time limit is up or a complete game has been played. There are NO EXTRA INNING games in pool play rounds.

Bracket Play Time Rule - Bracket play games are not a drop-dead time limit. There is a 1 hr 45-minute time rule and no new inning may start after 1 hr 45 minutes.

If the home team has the lead when the visiting team makes 3 outs the game immediately ends. The game ends immediately if the home team is ahead and is batting when the time limit is reached. Pool Play games may end in a tie.

Semi-Final games still have a time limit, but a winner must be determined. Championship game has no time limit, but mercy rules still apply.

Pitching Distance & Base Length

Age	Dimensions
9u & 10u	46' pitching mound 65' bases
11u & 12u	50' pitching mound 70' bases

Mercy Rules
12 runs after 3 innings (home team bats if behind), 10 runs after 4 innings (home team bats if behind) and 8 runs after 5 innings (home team bats if behind)

Sliding
Malicious contact at any base is forbidden (umpire's discretion). Base runner must slide or avoid contact.

Shoes
Rubber or plastic sheeted shoes only. No metal spikes.

Courtesy Runner
A courtesy runner may be used for a pitcher or catcher - must be a player not in the current batting line-up. If no players are left, you must use the player committing the last out.

Bat Rules
Small Barrel Bat (2 1/4") or big Barrel Bat (2 5/8" or 2 3/4"). 1.15 BPF standard marked on the bat or BBCOR or USSSA certified marked on the bat. Wooden Bats can be used. If a batter is found to have used an illegal bat they will be called out.

Batting Order
A game may start with 8 players and if a 9th player arrives, they may be inserted into that 9th spot in lineup. If a team starts game with 8 players, the 9th spot will not be considered an out. However, once the first hitter bats a second time a 9th player may not be added. If a team has 7 or less players at game time it will be considered a forfeit.
If a team is batting 9 players and a player is ejected and the team has available bench players, they may enter an available player into that players spot in the lineup. If they do not have any available players, then when that players spot in batting lineup comes up it will be an automatic out. Teams may use up to 4 EH's. When using an EH if player is injured or becomes ill that player is skipped in lineup with no penalty. If a sub is available, they must be put into that spot. If a player is ejected or leaves game for reason besides injury or illness, then the players spot in batting order is an automatic out when they come up to

bat. If a team using an EH or multiple EH's ever falls below 10 and no subs are available, the EH spot is an automatic out when they come up to bat. When using an EH you must always have at least 10 players in batting lineup or that spot becomes an out. Example A. If batting 12 players, you would have 3 EH's. If injury occurs and one player must leave lineup the spot is not an out. Example B. Team has only 10 players and bats all 10 using an EH. A player becomes injured and cannot play. The team may continue to play but the person who is injured will be an automatic out when they come up to bat.

Extra hitters are optional, but must be declared to the opposing coach before the start of the game. The extra hitter may enter the game to play the field, but must remain in the same spot in the batting order. (EH or EH's may be rotated as any other position). The starting player and replacement player rules apply to the extra hitter as well. If a team is down to nine players and has started the game with an extra hitter, they will receive an out when the extra hitter is supposed to bat. By adding the extra hitters' rule, this will give teams the option of batting their entire line-up.

Complete Game

For rain-out purposes or Any "Act of God" (example - rain- out, tornado etc.) a game is complete after 3 innings.

Pitching Rules

A Pitcher cannot be removed from the game defensively then go back on the mound. If a pitcher is removed from his position when his team is no longer on defense, then he may be put back on the mound. Example 1: Pitcher A pitches 1 inning. His team comes into bat. Next inning Pitcher B is now pitching. Pitcher A is eligible to go back on the mound. Example 2: Pitcher A is having a hard time. Coach comes in and removes him from the mound. Pitcher A is not eligible to pitch again in this game.

No limit on innings Pitched. Each Manager is responsible for using good judgment in using their pitchers safely.

The umpires in charge of the game SHALL report the Team Name, Player Name and Jersey Number to the tournament director of any player removed from a game for possible concussion. Any player that is cleared by a health care professional (no concussion) can play the next day of the tournament. Any player that does have a concussion will not be allowed to play the rest of the tournament. The language above, which appears in all NFHS Sports rule books, reflects a strengthening of rules regarding the safety of athletes suspected of having a concussion. This language reflects an increasing focus on safety and acknowledges that the vast majority of concussions do not involve a loss of consciousness.
